

The diagram illustrates the electrical wiring for the driver's and passenger's seat ECUs. It shows the connection of various components such as seat heaters, seat adjusters, and seat belt buckles to the ECUs. The diagram includes a detailed view of the driver's seat ECU (主驾座椅 ECU) and the passenger's seat ECU (副驾座椅 ECU), showing their internal components and connections. The diagram is labeled with various components and their connections, including a large watermark 'www.Car60.com'.
